

Fayette County Garbage Haulers Map

The scale of this map does not allow every operational area for every hauler to be displayed and there may be overlap in hauler territories.

Waste Management of West Virginia, Inc.: holds certificates that allow collections from the communities of Cannelton, Powellton and Deep Water all in Fayette County as well as Fayette County Secondary Route 15 to its end at Kingston and all side roads leading from said routes. There may be more for this company and the other haulers on this map.

Loup Creek Trash: is authorized through Motor Carrier Certificate F- 4663 to provide services within the corporate limits of the Town of Mount Hope.

Lusk Disposal Services, Inc.: is authorized through Motor Carrier Certificate F - 6237 to provide roll-off container service for points and places within Fayette County.

The municipalities of Smithers and Montgomery provide garbage service for their areas of responsibility.

For complete information on hauler territories in Fayette County, contact the WV Public Service Commission.
